## INTRODUCTORY

N presenting this, our annual sale catalog, to the public, we feel that we herein catalog one of the best lots of cattle that we have ever offered. Many of them are young and in medium condition but they have the true outline, the character and the quality that have made cattle of our breeding masters in the show ring and favorites with the breeder. We do not hesitate to say that we have put more bulls at the head of the best herds and State Agricultural college herds than any other breeders and out of the six winning herds at Chicago, 1910, four of them were showing cattle of our breeding and we were the only exhibitors that could boast of having show cattle to spare. It is also interesting to note that the different state institutions that have been handling our cattle have never had a failure with the tuberculin test.

Over half of the bulls are especially good and fit to head the best herds. The cows of age have calves at foot, several of them by Shenstone Albino, and a glance at his calves will convince the most exacting judge that he is in the same class with Avondale as a sire. Seven bull calves sold in our last sale for an average of \$709, and we have sold ten by him since for from \$400 to \$1,000. His get has won far more than any other bull living and he is only six years old. He has made the full show circuit ever since a calf and never had to take less than 3d at the International. He never met a bull he could not defeat if he had a second chance. He has won more each year than any of his opponents.

Shenstone Albino was the Champion of England and America in 1909, and like his stall mate, Avondale, looks fit as ever.

Our aim has been to breed cattle for beef, milk and early maturity and we have found that these qualities go hand in hand; without one we cannot get the other with profit, and without exception our winning calves have been from our best milking dams.

Our aggregate winnings in prizes in the great shows of the last three years were much larger than those of any other exhibitor and our herd now numbers about 225 registered cattle.

Our Dairy cows won first at the American Royal and second and third at the International of 1908 and third on cow and first and third on heifers at the International of 1909, and second on cow and first on heifer in 1910.

We extend a cordial invitation to all interested in good cattle to attend this sale and feel sure that those who come will not be disappointed.

**GUARANTEE**—All animals are guaranteed to be as represented in this catalog and all of breeding age are bred and guaranteed breeders. Should any of the young heifers recently bred fail to be in calf they can be returned for a reasonable trial and if they fail to breed we will substitute an animal of equal value. No unsound animals will be sold.

Certified certificate of pedigree will be furnished with each lot sold.

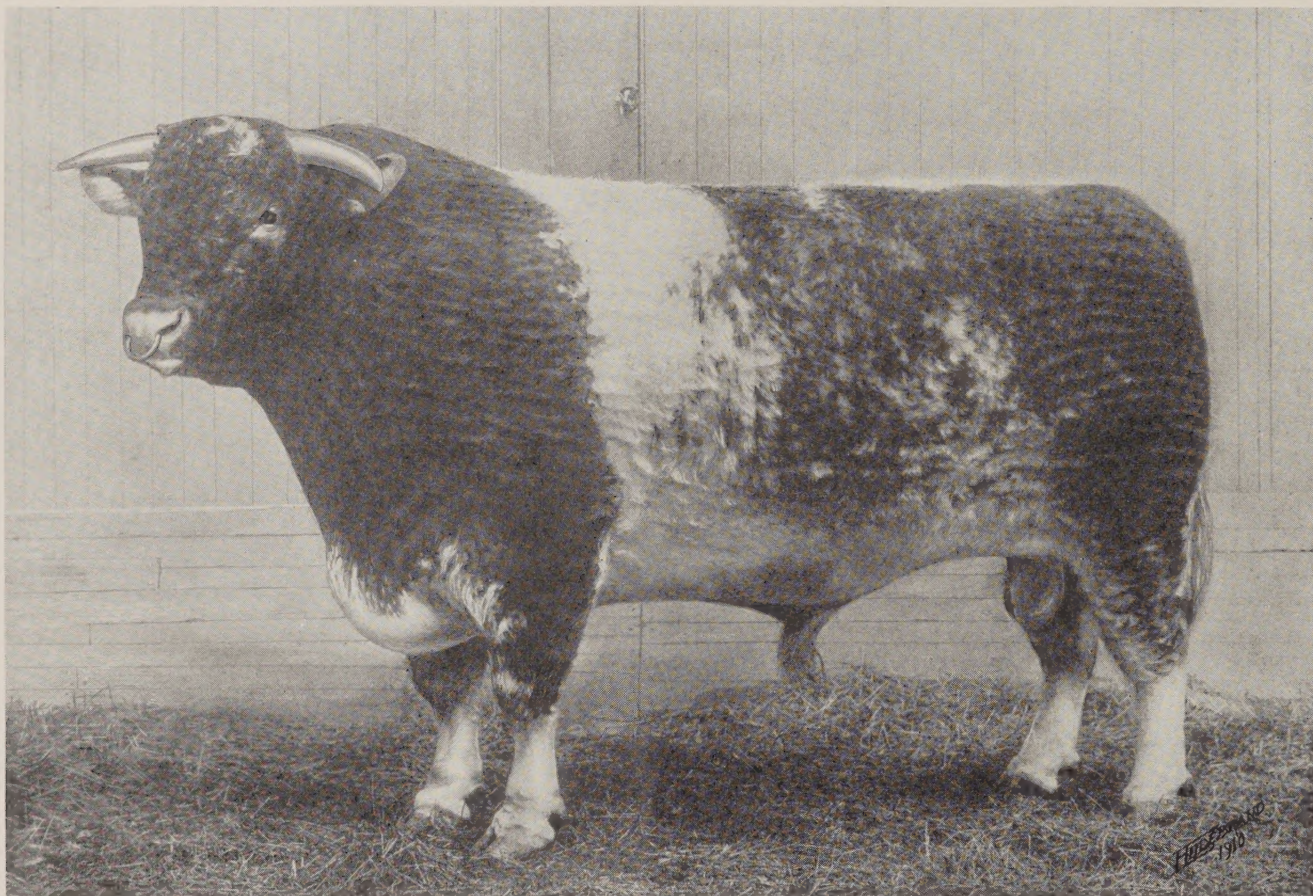

All stock will be loaded free and with care but will be at buyer's risk as soon as bid off.

Terms cash or a credit of six months at six per cent. on bankable paper.

Very respectfully,

CARPENTER & ROSS

SPECULATOR was first prize calf at Bermingham sale 1904 and brought the highest price of his year. He won first at the Royal the same year and was sold to go to Chili at \$8,000. He was got by Speculation out of Blythesome 20th by Spicy Robin.

SHENSTONE ALBINO was a noted winner in England where he was kept exclusively for a show bull. We had been in the market for such a bull for several years and we consider ourselves very fortunate in getting him. He was Grand Champion at the A. Y. P. Exposition, Denver and Ft. Worth Shows of 1909 and was Senior Champion at the International where he was defeated by an Avondale calf. He was Grand Champion at Columbus, Ohio 1910 where he met with an accident and had to be taken off the show circuit. He has just returned from Ft. Worth Texas where he was Grand Champion and will make a stronger show this year than ever.

We have sold his first calf for \$1000 at six months.

OLD LANCASTER bred by Alex Crombie, Woodend, Scotland from the Lancaster family. His dam was one of the best cows in Aberdeenshire. He is generally conceded to have been the best breeding bull in Canada for some time. He won Grand Champion at Toronto as a two-year-old.

JOHN BRUCE 305626, got by George Bruce, a son of the noted breeding bull Robert the Bruce, dam Clementine by British Flag

SIR WILFRED 195173, was got by Eric the Earl, a son of War Eagle whose pedigree contains the blood of such noted bulls as Warfare, Duke of Lavender, Lancaster 752, Scotsman 2d and Prince of Wales.

LANCASTER BUD was second at Toronto as a yearling standing next to her half sister, the Grand Champion, she won first at the same show as a two-year-old and was Grand Champion at the Alaska-Yukon Exposition 1909 and was the center of attraction in her class during the 1909 shows. She won many Champion and Grand Championships and although she has raised a calf she has been right at the front all through the 1910 shows. She will make a better show this year than she ever has before as she will go in the ring fully developed, and although she is a very neat cow she could be made to weigh a ton. She is well along in calf to Avondale and a calf from this pair will be good property, especially if it is a bull.

Due to calf before sale to Avondale.

VILLAGE SULTAN 260235 bred by F. W. Harding, was the first calf from Whitehall Sultan dropped at Anoka. He was purchased at a long price to head the Beaver Creek herd, and like his sire, his calves show a great combination of substance, character and quantity. He is a show bull and backed up by ancestors of great individual merit. There is every reason to expect much of his get.

CZARWITZ 157367 sired by Count Lavender 132575, bred at Collynie, gained for Deane Willis fifty-three first prizes, and championships at all the leading shows of England, and sire of the champion male and female at the Royal show. Czarwitz was also champion at the Royal show.

VICTORIA GLADYS is one of the attractions of the sale. She is one of the mellowest and furriest coated heifers of the breed and her color is perfect. She is in calf to Avondale since November.

This is perhaps the best bred Victoria in the herd books and being mated to Avondale should be good property.

Bred Nov. to Avondale.

IMP. BLACKWATCH made a creditable show yard record at several of the important shows including the International; he is half brother to the great Choice Goods, being sired by the same bull, Remus 151790. Blackwatch is uterine brother to "Royal Emblem" who gained 1st prize and Champion at the Royal English Society and many other honors, after which he was exported to the Argentine and sold there for \$16,150.

IMP. REPUBLICAN 190299, highest priced calf sold in Scotland in 1901; his dam was the renowned Missie 153d. The late Mr. Marr selected this as "My best Missie" to represent his herd at the International sale in 1901, where she sold for the record price of a Shorthorn cow in recent years, viz, \$6,000. Mr. Marr in writing of her says: "In view of the fact that this tribe is generally admitted to be one of the best of all existing families living," \* \* means that Missie 153d is one of the most valuable Shorthorn cows living. He writes: "No one could have bought her from me at home; I refused to price her to one and all."

IMP. CAMFORTH 156702, red, of 1899. Bred by Wm. Anderson, Aberdeenshire, Scotland; imported in 1900, and owned by W. G. Pettit & Son, Freeman, Ont., sired by the famous Spicy King 156733; dam, Imp. VALLEY ROSE is a strong, blocky heifer and will make a great brood cow. She is well forward in calf to Avondale.

SITTYTON SCARLET (58163) bred by Mr. Cruickshank and used by W. S. Marr, no better certificate of character could easily be given, but the breeding corroborates it. His sire was Cumberland (46144) and his dam was Amaranth by Barmpton 37763. Sittyton Scarlet (58163) was a good bull and a good sire.

MAXWALTON DOROTHY 2D is a very attractive heifer and her dam is one of the best cows we have ever owned.

She is very much the same pattern as Sweet Duchess of Gloster that did so much winning for us and she is sister to two of our best show prospects for the coming year. This is perhaps as well bred a Duchess of Gloster as lives from a straight Scotch standpoint. Her dam is now fifteen years of age and a handsome cow.

WHITE HALL COUNT 209775, bred by E. S. Kelly, sired by the great show and breeding bull White Hall Sultan, out of Imp. Crescent 8th by the Sittyton bred bull Sennacherb and thus the pedigree runs Gondolier, Gen. Windsor, Champion of England and Lancaster Royal, a line of the best bulls ever used at Sittyton. He was a stall mate as a calf to the \$10,000 bull White Hall Marshal and many good judges pronounced him a better type of stock bull and we believe that his calves have borne them out in their judgment. As a two-year-old he won first at four state fairs in 1905 and was the highest priced bull at the International the same year going to Dr. Earels at \$1000.

PRINCE VICTOR is of the Broadhooks family so successfully bred by Lord Lovat. Many noted show animals have come from this family including Beauford Pride, female champion of Highland Society show of 1903. The sire of Prince Victor is Watchword 144677, out of Lady Violet by Lord Violet 144899.

Won champion over all shorthorn bulls in Canada wherever shown and afterward headed the champion herd shown by Messrs. Sanger. Vice-Consul was one of the greatest shorthorn sires.

This is a very sweet calf and if cared for will make a show heifer. She has an excellent coat and is a good feeder.

LUXURY (74958) bred by J. Bruce and from his noted Rosewood family. His sire was Waverly (68072), one of the great sires in the Bruce herd, and his dam was Rosewood 57th by Royal Robin (63290).

GLORY (74618) by the grandly bred Missie bull Masterpiece (61295) dam Lady Lincoln 5th, by Belted Knight (56933) (an Inverquhomery Augusta, which family furnished more Smithfield winners than any other in Great Britain) sire Clear-the-Way (47604) sire of both 1st and 2d prize steers at Smithfield, 1891, also of steer which won 1st and reserve for Breed Cup, same show 1892.

SITTYTON SCARLET (58163) bred by Mr. Cruickshank and used by W. S. Marr, no better certificate of character could easily be given, but the breeding corroborates it. His sire was Cumberland (46144) and his dam was Amaranth by Barmpton 37763. Sittyton Scarlet (58163) was a good bull and a good sire.

MAXWALTON DANDY is a strong, robust calf and from one of the best cows on the farm, and many good judges call her the best red shorthorn brood cow they know of. She is dam of Maxwalton Dorothy, that did so much winning for us, and sold to Rosenberger & Edwards for \$1060 and won for them all around last year.

## THE COLLIE DOG

What is more useful on a farm than a good dog? This question can only be answered by one who has a good Collie and knows how to take care of him. My experience in the dog business has been very satisfactory. I started in a small way but with the best blood available. For some time I could not satisfy myself that my stud dog was up to the standard or as intelligent as he ought to be.

During my visit of 1907, to Scotland, I purchased the best dog in that country; he had been shown at five K. C. shows and was never beaten, getting the winner's cup every time shown, making him the Champion of Britain. Nashville, Tenn., was the only show he made in America and got the winner's cup for the best dog in the show. I had the misfortune to loose him but not until I had a nice lot of pups by him, and one of them, The Kullint, now my chief stud dog, is the handsomest dog I ever saw when in full bloom.

It is an old saying that like begets like. This applies to intelligence as well as appearance and puppies from well trained parents are far more likely to give satisfaction than a kennel bred dog whose parents have never had their intelligence cultivated.

I have often heard it said that a dog can do anything but talk, but I have often seen a Collie talk to his master in several ways; and the Collie is the only dog that can laugh and it has been said that he is no true Collie if he cannot laugh. Of the many Collies I have put out in the last few years, I have never sold one for less than \$10.00, and I consider that a dog that is not worth \$10.00 is not worth having. I had the tempting offer of \$1000.00 for Monkland Hero and although I had the misfortune to lose him, I feel that I made no mistake in keeping him, as his son, The Kullint, is even more promising than he. Look at the dog illustrations and ask yourself if you would like to have a Collie instead of your cur dog.

Very truly,

P. G. ROSS
